Fever/Flu Guideline Change: Oct.21, 2009

To further safeguard our Horizon Prep Family, we are modifying the guidelines regarding *"staying home after a fever has subsided."* Please note: **The new guideline requires students be fever-free (without the aid of fever-reducing medications of any kind) for a full 48-hours before returning to school.** This is a change from our standard 24-hour waiting period.

We appreciate your help in adhering to these new guidelines. We expect this to make a positive impact on the health and safety of our students during this year's flu season.

God Bless,

Tina Misel, F.N.P.
Horizon Prep School Nurse
